Dispatch Democrat

VOLUME LVII — UKIAH CITY, MENDOCINO CO., CAL., OCT. 31, 1924 — NUMBER 5

CONNOLLY ON CAMPAIGN; SANGUINE OF RESULT

Pat Connolly, candidate for the assembly, was in town Wednesday evening and yesterday morning, leaving again yesterday afternoon on his final swing around the circle in behalf of his candidacy. Mr. Connolly in an interview with the Dispatch-Democrat, expressed himself as very sanguine over prospects for his reelection. "The people are getting their eyes open as to the issues involved," he said. "The fact that a certain group of would-be political bosses in Fort Bragg and Ukiah were not able to run me during the last session of the legislature is the prime reason for bringing out opposition. They are 'getting even' with me because I would not take their orders. My course in supporting Governor Richardson in his campaign for reduction of taxation and state expenditures was a particularly disagreeable pill for them to take. As a consequence, the anti-Richardson gang is out to get me. The people are finding this out and it is my confident belief that they will return me by a handsome majority. Everywhere I go people who were on the fence before are now supporting my candidacy and I meet with expressions of approval and encouragement from hundreds where there were dozens before the primary."

The San Francisco Examiner of yesterday carried an editorial endorsing Mr. Connolly's bill to change the method of levying the personal property tax, which is one of the most sensible measures introduced in the legislature in years.

APPOINTED SHRINE EXECUTIVE

C. N. Mortenson, (Morty) of this city, has been named as executive officer for this county and representative by Aahmes Temple of the Mystic Shrine. He will have charge of the entertainment programs in the county and also will attend to service and membership matters.

The appointment is considerable of an honor and speaks well for the popularity of the local man.

WARNING GIVEN BY UKIAH CITY MARSHAL

City Marshal Cleland has issued a warning that anyone shooting in the city limits will be arrested and prosecuted and applies the warning particularly to those who are looking forward to shooting a band of quail, which is ranging at the present time on Gibson creek from the fish hatchery to about North Pine street.

The quail season will open tomorrow and it is said that several hunters have their eyes on this band of quail. As the city limits extend clear to the fish hatchery, an effort will be made to protect the band under the city ordinance forbidding the discharge of firearms in the city limits.

Residents of the neighborhood first requested that Mr. Cleland give the matter of preserving the band his attention, and he has promised to use his best efforts, and appeals to all nature lovers to aid him in bringing to book anyone violating the ordinance.

FLOOD INJURES DAM

The North Fork dam of the Mendocino Lumber Company on Big river was quite badly damaged in the recent rain, the rise of water blowing a hole it. J. Norberry and crew are busy repairing it.

Mr. and Mrs. Oscar Hollingsworth were down from Laughlin the latter part of last week. They are contemplating moving to town in order to give their children better educational facilities.

Mrs. John Cuddy, a niece of Mrs. M. C. Duncan, is expected here from San Francisco today for a short visit with Mrs. Duncan. Mrs. Cuddy is a prominent member of the literary world in San Francisco and has won national recognition as a writer and producer of tales and plays for children.

DEATH TAKES TOLL OF 2 IN LOGGING WOODS

Fatalities Mark Operation of Both Fort Bragg and Caspar Companies. First for Some Time

The first fatalities to occur in the logging woods on the coast section of Mendocino county for many months took place the past week, when two lives were snuffed out by accidents. The two dead men are Andrew Steve, a chopper employed at Camp 12 of the Caspar company, and Antonio Kovalsky, a choker working in the Ten Mile woods of the Fort Bragg company.

Steve and his partner, Gus Mattson, had felled one tree up the hill and then another down the hill. The latter loosened the first tree and it rolled, striking Steve on the back and crushing him to the ground. This tree was four feet in diameter and it took Mattson and other workmen almost an hour to get the injured man from under it. At the hospital it was found that he was suffering from shock and internal injuries which resulted in death at 6:30 p. m.

Steve was a single man and had worked for the Caspar Lumber Co. for a about a year and a half. He has a brother, John Steve, who is employed in the Pacific branch of the Metropolitan Insurance Co., in San Francisco.

Kovalsky was killed the previous Wednesday. He was a recent immigrant from Russia. He had just completed the act of choking a 50-foot log about 10 inches in diameter and the signal had been given to have the log hauled away. In this movement the fore end only of the log was raised from the ground and pivoted on the other end it swung towards Kovalsky, and before he could get out of range, struck him a crushing blow so that death resulted before he could be given medical relief.

The assistant chokerman, John Rovak, also narrowly escaped being hit by the log.

At the inquest that was held it was stated that the deceased was a single man, having a brother somewhere in this country and other relatives in Russia. He had at one time been a member of I. O. O. F. in San Francisco, but a response to the message sent to the secretary of the lodge stated that he was no longer a member of that order.

The remains were interred in the Ocean View cemetery at Fort Bragg Saturday.

BUYS WILLITS CHIROPRACTOR

Dr. Ralph Blend, Ukiah chiropractor, this week closed a deal for the purchase of the practise of Dr. Nelden, of Willits. He will divide his time between the two places, practising at Willits in the forenoons and Ukiah in the afternoons.

UKIAH-SAN RAFAEL GAME HERE TOMORROW

The Ukiah high school football team will go up against the San Rafael team here tomorrow on the high school gridiron. The local boys are very confident they will be able to best their opponents from the bay section, and a better game than that with St. Helena is looked for, as the San Rafael team is heavy, fast and resourceful.

BIG SEASONAL RAINFALL

The total rainfall for the season to date has now reached a total of 6.87 inches, according to H. P. Dohring, observer for the Northwestern Pacific.

The rain the early part of the week started the small creeks to running for a few days.

Bunt Bucknell and wife were down from their ranch in Sherwood valley last Tuesday and Wednesday, renewing old acquaintances in Ukiah.

MRS. LINDBERG HURT IN MOTOR ACCIDENT

Mr. and Mrs. Lindberg left the first of the week for their new home at Placerville. Mrs. Lindberg has opened a beauty parlor there and their beauty parlor here has been discontinued.

They left by motor Tuesday and while going down a grade between Hopland and Cloverdale the car which Mrs. Lindberg was driving went off the grade while she was engaged in wiping the rain from the windshield. It turned over on its side, but lodged on the hillside and did not turn clear over. She was somewhat shaken up and suffered minor injuries, but not sufficient to cause her to be taken to a hospital.

Mr. Lindberg was ahead in another car, and when he noticed she was no longer following him closely, went back to see what the trouble was. He found and extricated her and then went for help to get the car back on the road, which was done, and they proceeded on their journey.

BOY'S STORY RESULTS IN ARREST OF MAN

Otto Miller, said to be a hobo, was arrested at Willits the first of the week and held for trial on the complaint of a 14-year-old boy named Herbert Odegard. Odegard is said to have run away from his home in Petaluma several days ago. Shortly afterward he took up with Miller and the two have been living the hobo life since.

The railway police noticed the two and reported the case to the Willits authorities. The boy after being arrested told a revolting story of his treatment at the hands of Miller and the latter is being held for the superior court under $2000 bail, which he is unable to furnish.

HALL JURY DISAGREES

The jury in the case of the People vs. Walter Hall, Longvale citizen accused of bootlegging, failed to reach an agreement last Friday and were discharged. The case has not yet been set for retrial.

Frank Wegner is home for a few days' visit from Branscomb, where he has been engaged in timber operations.

BIRTHDAY CELEBRATED OF VENERABLE PIONEER

The 90th birthday anniversary of T. J. Gibson, one of the oldest pioneers of Ukiah, was celebrated last Wednesday evening at the home of Mr. and Mrs. B. L. Cleland, where a supper party was given in honor of Mr. Gibson. There were 21 present, including eight of the ten children still living.

Mr. Gibson settled here in 1858.

He enjoys extraordinarily good health and the exercise of all his faculties and bids fair to reach the hundred mark.

Local friends of this respected nonagenarian will join in wishing him many more happy returns of the day.

EPWORTH LEAGUE

Tonight is the time when the Epworth Leaguers are planing to rally at the Spooks Convention to be held at some mysterious place designated by the Chief Spook. Those desiring a means of conveyance are requested to meet at the church at 7:15. Everyone attending the convention is expected to be attired in full regalia appropriate to the occasion.

The League devotional meeting commencing at 6:30 next Sunday evening is in charge of Charles Luce. The topic will be: "The Christian Citizen and Government."

Miss Bonnie Sloper is in Santa Rosa, Where she is taking a course in business college.

P. E. McKinney and wife left this week for the middle west, where they are visiting their son.

RANCH HAND JAILED FOR ARTILLERY DISPLAY

Ernest J. Stockdale, a rider on the Howard ranch at Ridgewood, was jailed at Willits last Saturday evening and was subsequently held for trial under $2000 bail, which was furnished.

Stockdale is alleged to have pulled a gun on Hy Wilkinson, a Willits peace officer, at the city jail as Wilkinson was attempting to lock him up for being drunk and disorderly. Wilkinson thereupon let him go and he made his way back up town, where he met Herman Hoff, a Willits citizen. He is said to have threatened Hoff with the revolver, asking him whether he was a friend or foe. Hoff got away from him finally and Stockdale was later placed under arrest.

Stockdale had been appointed a deputy sheriff some time ago, in order to give him jurisdiction in enforcing the trespass laws on the Howard ranch, but it is likely now that his deputyship will be revoked by Sheriff Byrnes.

NEW PAPER MAY BE ESTABLISHED HERE

Frank Perkins, a former resident of this city, but who for many years has been identified with newspaper work all over the Pacific coast, was here the latter part of last week looking over the field for San Francisco parties interested in establishing another newspaper here.

It is understood that Perkins ostensibly was acting for Harry Elliott, who owns the Willits News, but that behind Elliott is Chas. Howard, multi-millionaire owner of the Ridgewood ranch and Pacific Coast distributor of the Buick automobiles.

Howard is said to be interested on account of his friendship for Sheriff Byrnes. The new paper, if established, will be republican in politics and will back Byrnes, whose differences with the Republican Press and the political faction it represents have left him without republican journalistic support.

Efforts of friends of Byrnes to buy the Press have failed, hence the project to start another paper.

It is said temporary quarters for the new venture have been arranged for should Perkins's report indicate that another paper here could made to go.

COMPTCHE MEN HURT WHEN CAR LEAVES ROAD

COMPTHE, Oct. 27.—While Cecil Mallory and crew were driving down to meet the truck which was hauling out the seven-ton cable for his logging operations, Saturday morning his truck struck a water break and went off the grade. Cecil Mallory and C. Porterfield jumped and escaped unhurt. C. Reynolds, Leslie Matthews and J. Silveria were badly bruised and shaken up and were taken immediately to Dr. Preston. The truck was very badly damaged. The truck left the road coming down the hill which is commonly known as the Cameron hill. Lester Mallory was called to help get the truck and rigging which the truck was hauling, back on the road.

Mrs. Lucy Seawell returned the early part of the week from a visit in San Francisco.

W. B. Hagans leaves tomorrow for Stockton, where he will visit his daughter over the week end.

A son was born to Mr. and Mrs. Oscar Olsen in San Francisco on Oct. 21. Mr. Olsen is a former well known resident of this city.

Judge Preston and Court Reporter Thornton were called to Napa the early part of the week, where the judge held court. They returned home Wednesday evening.

Miss Edna Stitt, who was here for a two weeks' visit with her parents, Mr. and Mrs. Jas. Stitt, returned the first of the week to her home in Berkeley.

G. X. WENDLING KILLS SELF IN SAN FRANCISCO

Former Mendocino County Lumberman Found Dead by Wife and Chauffeur in Home Wednesday

G. X. Wendling, a former timber operator of this county, builder of the Wendling mill, and for whom the town of Wendling was named, shot and killed himself at his home in San Francisco last Wednesday morning.

Wendling's body was discovered about 8 o'clock by Mrs. Inez Wendling, his wife, who went to the bathroom in company with C. Cather, the family chauffeur, to determine why Wendling had not appeared for breakfast.

Members of the family declare that Wendling has been worrying over business affairs lately and was suffering from nervous disorders. He appeared in the best of spirits, however, when he left his office Tuesday night, employes declare.

Wendling was regarded as one of the leading figures in Western lumber circles. For years he was president of the Weed Lumber Company. He sold his interests in this concern and later organized the Pacific Wirewound Box Company, with headquarters in San Francisco. He sold this enterprise and then organized the company of which he was the head at the time of his death.

Wendling was reputed to have lost several fortunes, but in each instance to have recompensed these losses.

He is survived by his wife and Mrs. Florence Funsten, a daughter.

MRS. H. VALLETTE IS TAKEN IN DEATH

Mrs. H. Vallette, mother of Fred Vallette, well known local business man, passed away last Friday at the age of 72 years. Death occurred at the home of her son in this city.

She was a native of France and first came to this country with her son in 1903.

She leaves two other sons to mourn her passing.

Funeral services were held Monday at St. Mary's Catholic church.

The sincere sympathy of their many friends is extended Mr. Vallette and family in their loss.

MARRIAGE LICENSES

Marriage licenses were issued to the following couples the past week: Nicholas Burton Cox, 24, and Grace E. Simpson, 18, both of Fort Bragg; William Elliott Hildreth, 23, and Hazel Louise Lyons, 18, both of Ukiah; Manuel R. De Pao, 22, Mendocino, and Mable Hall, 17, Caspar.

C. S. Wattenburg was in town from his Cold Creek ranch yesterday for several hours on business.

ATTORNEYS GIVE TALKS TO GET OUT VOTERS

The members of the Mendocino County Bar Association are doing a fine work for better Americanism in giving a series of four minute talks at the State theatre every night urging the voters to vote. Each has been taking his turn and the campaign is bound to bear fruit in a substantial increase in the vote on next Tuesday. The members of the association are to be commended for their efforts in this matter.

The public apathy toward the exercise of the suffrage is one of the growing menaces to our country today.

SLIDE DELAYS TRAIN

The southbound train from Eureka last Wednesday afternoon was held up by a big slide near Dos Rios and did not get through. A stub train was made up at Willits.

A temporary track was laid around the slide Wednesday night and trains were running on schedule again yesterday.

NOTES FROM OFFICE OF COUNTY CLERK

Filing his own complaint, John B. Repsher has commenced a suit in divorce against Viola Repsher, alleging desertion. The couple was married in Missouri over twenty years ago and separated in 1922. There is one minor son, residing with the plaintiff. Property rights have been settled.

Through L. D. Mooney, Nelson Lermond has filed a divorce complaint against Jessie Lermond, alleging desertion. The couple was married in Albion, March 10, 1921, and separated May 1, 1923. There are no children.

Through L. D. Mooney, Edith Palmer has filed a complaint in divorce against Henry C. Palmer, alleging wilful neglect and desertion. They were married in Fort Bragg, June 24, 1919, and separated November 1, 1921. There are two minor children.

Return and account of sale of real estate in the Paul Scarsi estate to Martin Hanke for $500 has been filed.

FINE ORCHESTRA WILL BE THEATRE ATTRACTION

Walter Kraasgill's splendid Cinderella Ballroom orchestra, of San Francisco, will be the big attraction at the State theatre next Monday evening. George Mann, proprietor of the theatre, has gone to considerable trouble and expense to bring the orchestra here and it is to be hoped Ukiah people will encourage him and show their appreciation by turning out liberally. A good attendance will insure other like attractions being brought here during the winter season.

With the orchestra are several entertainers, who will put on special vaudeville acts, the whole comprising a most entertaining program.

Mr. Krausgill was for over a year director of the Strand theatre orchestra in San Francisco.

The Cinderella Ballroom musicians are considered one of the best aggregations of musicians in San Francisco.

Rev. Dr. Breckenridge of the Presbyterian church, was a visitor to Berkeley for a portion of this week.

Mrs. Chas. Duncan has been confined to her home by illness the past few days.

J. W. Eversole and wife are home from a visit to San Francisco and other cities about the bay.

Harry Hughes has been laid up this week on account of the dislocation of one of the vertebra in the lower region of his back.

E. R. Couch, pastor of the Baptist church, returned yesterday from Covelo, where he has been singing at revival meetings for several days. He reports the road from Dos Rios to Laytonville as in rather a dangerous condition.

MENDOCINO CO. MAN DIES IN STA. ROSA

John Emery Harrison, 58, who came here two weeks from his home in Mendocino county, died Monday, following a short illness at the home of his brother, Jacob D. Harrison, 635 Mill street, says the Sta. Rosa Democrat.

The deceased was a native of Illinois, where he was born May 26, 1866. Besides the brother Jacob D., he is survived by six sisters, Mrs. Hannah E. Williams of Mendocino county; Mrs. Sarah E. Noble of Fresno; Mrs. Amanda Dutro, Mrs. Addie Phelps and Mrs. Lenore Clow all of Mendocino county, and Mrs. Mary J. Dutcher of Hardie, Neb.

CHILD BREAKS THIGH

The three-year-old daughter of Mr. and Mrs. John Lambert of Jackson valley sustained a broken thigh last Sunday. The parents brought the child to Willits and placed it in care of Dr. E. C. Bennett, who stated Thursday that the child is improving and doing nicely under the circumstances. The child is now at the hospital of Mrs. Frank Clayton.—News.

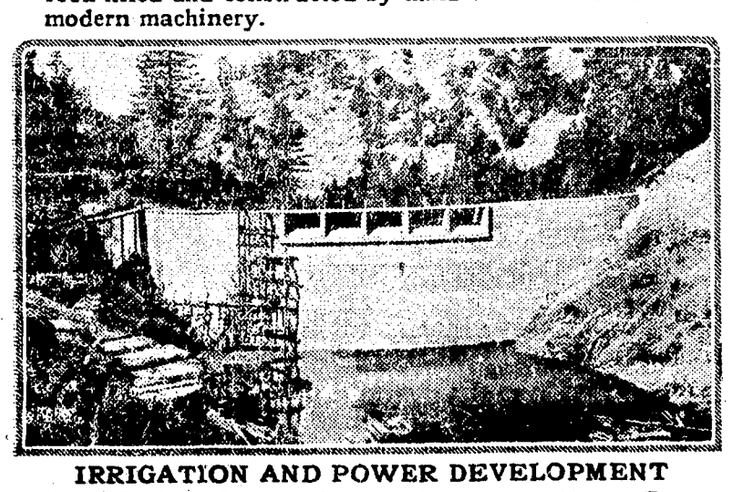
Lake Fordyce Dam, Nevada County, being raised 47 feet. The Pacific Gas and Electric Company is doubling the lake capacity—providing more water for power generation and irrigation. This dam was originally built in 1873—has been raised three times. The original was rock filled and constructed by hand without the use of modern machinery.



IRRIGATION AND POWER DEVELOPMENT

New afterbay dam, 110 feet high, near the Drum Power House. Will conserve water and regulate its flow into the irrigation ditches for Placer County's fertile hills and valleys.

"California leads the world in the per capita consumption of electric energy according to the latest statistics compiled. There figures are based upon the kilowatt hour sales for 1923, and the population as estimated by the United States Bureau of Census.

Other interesting facts regarding California are that the State's hydro-electric output was 15 per cent greater than New York's and 21.2 per cent of the total hydro-electric output of the United States. California alone produces practically the same percentage of the total hydro-electric output of the United States as do the great industrial states of New York, Pennsylvania and New Jersey, combined.

California ranks first in the United States in the production of electricity by water power and third in total production.

Approximately 94 per cent of the families in California are supplied with electric energy.

California also ranks first in the electrification of rural territory."

To meet the ever growing demand for energy the Pacific Gas and Electric Company is employing about 1600 men on the Big Pit River projet and is enlarging its Spaulding Drum Development in Nevada and Placer Counties. At Lake Fordyce, 8 miles north of Cisco, crews are raising the dam 47 feet, and when completed the capacity of this great storage reservoir will more than be doubled, having a capacity of 46,760 acre feet.

At the Drum Power House, located in the vicinity of Towle, new penstock is being added, which will increase the output of this plant. The water that passes thru the plant have a combined capacity of 116,000 acre feet. In order to conserve the water after leaving the power house, a new dam 110 feet in height has just been completed. This new dam will hold the water and regulate its flow into the irrigation ditches from where it is used for irrigation purposes in the foothills and valleys below. 800 men are actively engaged on this job, which is being rushed to completion in order to accumulate and save this winter's water.

RECORD RESULTS FROM USE OF RED CROWN GAS

A novel stunt of re-fueling a moving test car was carried out in San Francisco, in conducting a recent 100 hour endurance run. With the aid of a special funnel attached to a flexible tube installed on the car for the occasion, the drivers were able to fuel while the car was in motion; even during the change of drivers' shifts the car was kept moving, eliminating all stops except at tradic intersections. Going out to the Beach, to 2nd and up Market through the traffic, the car covered 2330 miles. Sixty-four gallons of Red Crown gasoline were consumed, averaging 36½ miles to the gallon. Only four quarts of Zerolene oil were used throughout the entire 100 hours, averaging 582½ miles to the quart.

Travelling for four days and nights without the loss of one throb of the motor, a stock car one day last week covered 1513 miles in an economy run routed around the Presidio, out to the Beach, and back through the downtown traffic, all within the city limits of San Francisco. The outstanding feature was the remarkable fuel record, 42 1-36 miles to the gallon of Red Crown gasoline. In conducting this run, the car agency had newspaper men officiating. Simultaneously, this high mark of gasoline economy was proved to be consistent with the everyday results obtained by various private owners of cars which had been in use for sometime. After having their gasoline tanks drained they started out with a fresh supply of one pint of Red Crown. The resulting distances made by the first three winners showed on average of 42 9-10 miles.

BUYS MORE LAND

Jack Wilson, who recently purchased the M. J. Fairfield ranch located on the Hearst road, has closed a deal adding the John Sagehorn ranch to his present holdings, says the Willits News.

The Sagehorn ranch consists of about 580 acres and adjoins the old Fairfield ranch. Wilson refused to state the price, but insisted it was a good buy.

According to the present plan, Wilson will secure a number of good thoroughbred horses and raise bluebloods on the ranch. He is well known in race horse circles of California, having considerable experience with horses. Also a large number of thoroughbred cattle will be placed on the ranch and the old Fairfield ranch will be the home of thoroughbred horses and cattle, Wilson plainly asserted.

COAST LAD IN TOILS

CLOVERDALE, Oct. 27.—Ernest Andree, 19, was arrested here today on a charge of stealing an automobile in Mendocino City early this morning. The warrant for the arrest was sworn out by his mother, Mrs. Mary Andree. Local officers were wired to be on the look-out for the auto thief. Police Chief Daniels arrested Andree several hours later and Officer Patton and Deputy Sheriff Pederson of Mendocino City arrived here tonight to take the youth back.

"HUNCHBACK" OF NOTRE DAME MOST WIDELY PRAISED FILM

"The Hunchback of Notre Dame," the greatest screen attraction of the age, is film booked at the State theatre for next Thursday and Friday, November 6-7.

For many months it has been widely heralded as the last word in cinema art, but this was taken with the proverbial grain of salt until after the world premier at the Astor theatre in New York City. The Gotham critics shattered all precedent by using up more adjectives of praise than even the most intrepid press-agent would dare employ.

Patsy Ruth Miller as Esmeralda loved by all!

Carl Laemmle, president of Universal, realized the great risk he took in making changes in the masterpiece of Victor Hugo; changes which he defended, however, on the ground that as a drama must entertain all classes, anything offensive must be deleted. And, strange to say, all of the changes were heartily endorsed by the critics.

Lon Chaney, one of the greatest character actors on either stage of screen, plays the difficult role of "Quasimodo," the hunchback. He is supported by such well-known players as Patsy Ruth Miller, Ernest Torrence, Norman Kerry, Nigel de Brulier, Tully Marshall, Brandon Hurst and Gladys Brockwell. There are 75 principals and 3500 extras in the cast.

The entire Cathedral of Notre Dame was constructed at Universal City as well as eight squares of Parisian streets and houses of the period of Louis XI.

Several curious persons have asked if it would not have been more feasible to have taken the company to Paris and "shoot" the scenes there rather than to go to the expense of rebuilding the costly sets at Universal City. There is no question but that this would have cut the cost of construction work in half, but what many persons fail to realize is that obtaining permission from the authorities of the Franch and church governments to photograph the Cathedral itself was something that was impossible. They have constantly refused similar requests.

The task of building the settings for this production was one of the most stupendous ever undertaken. Carl Laemmle sent a staff of twenty technical experts to Paris, where they spent six months in running through library files and prowling through dusty archives in order to get each detail true to the period of the picture. Incidentally, this is another reason why it was impossible to film the production in Paris. The French metropolis of today is not the same city it was in the days of Louis XI.

Probably no stage or screen drama has been given such uniformly high praise from critics from coast to coast as "The Hunchback." For the first five months after its world premier it was shown only in the largest legitimate theatres of the larger cities of the country. This was a severe test for any picture, and the fact that it came through with glowing colors, shows what a wonder film it must be.

REDWOOD VALLEY

REDWOOD VALLEY, Oct. 29.—It paid A. L. Jenkins to go to Barnes' circus, for he was lucky enough to win a good saddle playing one of the wheels of fortune.

Mr. and Mrs. Jim Winsby left in their Chevrolet car Friday for the bay cities, where they plan to visit for some time.

Miss Leverne Kistler and Mrs. Kistler have been victims of the prevailing epidemic of colds.

The Rev. E. R. Couch, pastor of the Baptist church of Ukiah, will visit the local Sunday school next Sunday.

Henry Gunderson visited his parents here last Saturday and Sunday. Henry is taking a civil engineering course in the University of California. He came up with the Snyders in their car. They now live in Berkeley.

Mrs. Ada Squires, one of the local teachers, was on the sick list several days last week. Mrs. Harry Wilkinson substituted for her.

Mrs. O. F. Long came up from Oakland last week to spend a short time at her fine country home at Lane Springs.

TELEPHONE ATTACHMENTS OFTEN PROVE HINDRANCES

Every now and then some new kind of a telephone attachment is put on the market. Ordinarily these "new devices" are more of a hindrance than a help and the unsuspecting purchaser soon finds that he has been taken in by some clever salesman. The telephone instruments used today throughout the Bell System are the result of developments covering a period of 48 years. Constant, careful, scientific research on the part of the Bell System experts has been devoted to the development of the instrument.

As a result, the telephone instruments now in use today in the Bell System are as near perfection as modern science and the best mechanical skill can make them, and the best results can be secured by using the instrument as it stands without the addition of attachments of any kind.

MARKET REPORT

The market report issued last Tuesday by the state and federal livestock bureau, is as follows:

CATTLE: Receipts of cattle for the week ending today totaled 3,230 as compared with 2,996 the week previous which were too liberal for trade demands resulting in price declines of $1.50-$2.00 per cwt. dressed when compared to two weeks ago. The supply of livestock was made up of an assortment of all classes and grades with the bulk of the good 1050-1100 lb. Oregon steers showing costs of $7.50-$7.75 off cars but when finally passed into consumption losses were figured around $10.00 per head. A considerable portion of the supply was handled on a commission basis with practically no incentive for salesman to hold since each man was anxious to keep this lower grade stuff on the move. A six car string of rather plain Utah steers brought $7.25, the bulk showing a covering but no marbling. Packers direct from feed lots and from ranches help make up the unloads while the whole situation locally has been a disheartening affair. The generous recent rains may be a sustaining prop under the present demoralized conditions. There has been practically no interest in she-stuff of any description, prices reaching the lowest levels in recent years at most large markets. One large concern is reported cleaning up their ranches of all cattle and recent arrivals from this source on commission would indicate that some strides were being made in this direction. A sizeable shipment of plain Nevada cows figured around $4.25-$4.50 while at this writing good grade 1,000 lb. cows are quotable at $4.50. Medium and common grades are plentiful and a three car shipment of 835 lb. Nevada canners brought $2.00.

CALVES: Unloads of calves were 1,184 as compared with 1,095 the week previous and trade on this branch has been fairly active. Good 225-240 lb. calves seem now quotable around $7.25-$7.50 which is about 50c higher than last week. Heavy common calves are steady with the bulk turning around $5.50-$6.00. Good to choice under 200 lb. calves have been scarce with not enough coming to warrant quotations, some quoting $8.00 as a fair price off cars on highly desirable kinds.

HOGS: The undertone to the hog market is weak due to inability to advance dressed product prices as fast as live costs. Unloads were 6,570 this week, 4,299 a week ago and 6,101 two weeks ago. Lower eastern advices indicate good to choice Nebraska hogs now quotable around $11.40-$11.60 here while the bulk of the medium quality 150-200 lb. Californias were moving at $11.50 with an occasional sale at $11.00. Prospects for next week were a $11.00 price for 150-200 lb. Californias with 250 lb. kinds moving at $10.00.

SHEEP: The lamb deal features a two way proposition locally with good to choice full wooled fed lambs weighing under 75 lbs. working higher and heavy fed lambs lower. A few loads of choice full wool 72 lb. kinds brought $13.00; bulk 80-90 lb. shorn Island lambs $11.50-$12.00 and full wool coast section with 25 per cent feeder end at $12.25 averaging 70 lbs. Four cars choice 95 lb. yearlings scored $10.50 from Utah on long freight and shrink with full wooled fat wethers at $8.00. Light lambs commanding premium of $4.00-$6.00 over heavy lambs at wholesale here. A few loads of good 110 lb. ewes full wooled brought $6.00 with medium quality full wools at $5.50 and shorn 120 lb. at $4.50 considered 50c higher than two weeks ago.

CHAMBER OF COMMERCE

J. E. Taylor and Jas. K. O'Brien, representing the Tahoe-Ukiah Highway Association and E. R. Marriott of San Francisco, representing the News Letter, met with a group of citizens in Ukiah Tuesday. A movement is apparently on foot to ask the Committee of Nine to recommend the building of the Tahoe-Ukiah highway on a certain routing. The board of supervisors of Lake county adopted a suggested route but referred the exact location to the judgment of the highway engineers. The group meeting in Ukiah refused to suggest a route for the road to take but adopted the following resolution:

"It is the sense of this group that we urge the classification of the Tahoe-Ukiah highway as a road of first importance by the Committee of Nine in their recommendation to the legislature."

Ukiah feels very keenly the disappointment over the failure of the new hotel project to materialize.

The entire proposition has been made clear to the people of Ukiah and no further discussion of the plans would enlighten the people here further. The proposition was made after thorough discussion of the plans and project covering several months. Finally it was proposed to Ukiah chamber of commerce that if we raise $75,000 the balance would be furnished by the associates of Mr. Leo Lebenbaum, who would have become the lessee of the hotel to be known as the Ukiah Inn. Mr. Lebenbaum is the lessee of the Eureka Inn and the Wiltshire hotel in San Francisco. The arrangement seemed to the people of Ukiah to be ideal and so far as the best minds of the community is concerned it looked like a very successful campaign that was begun to raise the money.

The board of directors of the chamber of commerce and interested citizens met in the chamber of commerce office on Monday night, October 13, to perfect the plans for solicitation of the funds.

On that night a telegram was received from Mr. Frederick Whitton who was to be the architect of the new building, to the effect that the proposition was withdrawn. Ukiah people are still at a loss to know what happened or why the proposition was withdrawn.

ATTENTION VOTERS

Ballot Proposition No. 5 must be defeated at the general election to be held November 4, 1924. Under the "Veteran's Farm and Home Purchase Act", the patriotic citizens of California have already assisted, and will be enabled to further assist the California Veterans of the World War to acquire homes; but proposition No. 5 on the ballot renders null and void the Veteran's Farm and Home Purchase Act, and repeals the Constitutional Amendment adopted in 1922, ratifying said Act, and perhaps renders null and void all bonds heretofore issued under said Act, and may cause those Veterans, who have already acquired homes to lose the same, and their equity therein. Vote, and get all your patriotic friends irrespective of party affiliations to vote against Proposition No. 5; we ask this in justice to the California Veterans of the World War.

Potter Paragraphs

POTTER VALLEY, Oct. 29.—The nurse and doctor came up from Ukiah Monday to read the Schick tests, which were given the previous week. Fourteen of those who took it were found to be positive.

Ralph Day, who is employed by the Duck furniture company of Eureka, was a week end visitor at the home of his parents, Mr. and Mrs. O. F. Day. Miss Zella Day, a student at the Sweet Business College in Santa Rosa, was also at home over the week end, as was Miss Ruth Day, who is teaching at Calpella.

Chas. Neil, accompanied by his daughters, Miss Muriel Neil and Miss Martha Neil, Miss Evelyn Walker and Miss Velma Day, was a Saturday visitor to Ukiah.

Marion Gott, of Kelseyville, was the guest of friends here over the week end.

Mr. and Mrs. Henry Dickey, Mr. and Mrs. Jas. Eddie and Mr. and Mrs. J. G. Newman returned Saturday from Santa Rosa, where they were in attendance at the State Grange held in that city.

A. F. Busch and Alden Crafts delivered hogs in Ukiah Monday.

Word has been received here of the serious illness in San Francisco of Mr. Bonnifield. The gentleman is the father of Mrs. Bruce Walker and a former popular resident of Lower Potter.

Miss Melva Thornton, a student in the Humobldt State Teachers' College, in Arcata, spent the week end with relatives here, returning to her duties Sunday.

P. B. Westerman, Mrs. Westerman, Charlotte Morgan and Miss Henrietta Woods drove to Ukiah last Saturday.

Miss Eldora Knighten was a business visitor in Ukiah Saturday.

Mr. and Mrs. Lloyd Brush, of Eureka, visited at the homes of their parents in Lower Potter Saturday and Sunday. Mrs. Brush was formerly Miss Mary Neil, daughter of Warner Neil of this valley.

John Dickey and family, of Willits, were calling on friends here Sunday.

Mrs. Sarah Hughes is spending this week in Santa Rosa. Mrs. Hughes is the house guest of her sister, Mrs. Harry Smith.

Those of our valley who attended the circus last Thursday were Misses Muriel Neil, Evelyn Walker, Leona Dashiell, Messrs. Howard Dashiell, Clyde Eddie, Earl Comber, Don Eddie, Paul Wertz, Mr. and Mrs. Taylor Eddie, Mr. and Mrs. Perle Vaughn and family, Mr. and Mrs. J. J. Thornton and family, Mr. and Mrs. Kit Briggs and family, Mrs. Smith, and Mr. and Mrs. Gullie.

O. T. Price returned from Santa Rosa Sunday, where he had taken his daughter, Miss Adell, for medical treatment. Mr. Price came up to get his older daughter, Miss Frieda. They left Tuesday for Cloverdale, where they will make their future home. They have lived here four years and have made many friends during their stay, who will be sorry to hear of their departure.

Mr. Ross was a business visitor in Ukiah Saturday. Mr. Ross has now opened a barber shop in the same building where Mr. Vann has his meat market and store.

George Weldon and Leslie Knighten of Ukiah, drove up Friday night to attend the moving picture show.

Mr. and Mrs. C. E. Hardisty and family drove to Willits Saturday, where the day was pleasantly spent with their daughter, Miss Alice Hardisty, who is a teacher in the Willits public school.

Miss Bessie Sperry was a week end visitor at her former home in Willits.

Orville Frost and Julius Rutloff drove to Garberville last week end.

Last Saturday night Mr. and Mrs. J. J. Thornton entertained a number of their friends at a very delightful card party. Whist was the game enjoyed by those present, the first prize going to Mrs. R. R. Ingels. At midnight delicious refreshments were served. Those who enjoyed the hospitality of Mr. and Mrs. Thornton were Mr. and Mrs. A. E. Spotswood, Mr. and Mrs. A. F. Busch, Mr. and Mrs. Orville Frost, Mr. and Mrs. Henry Dickey, Mr. and Mrs. R. R. Ingels, Mr. and Mrs. Herbert Pickle, Mr. and Mrs. Perle Vaughn, Mr. and Mrs. Perle Crawford, Miss Henrietta Woods and Messrs. G. Busch and W. Hughes.

Sunday, Mr. and Mrs. J. J. Dashiell were hosts to a number of their relatives at a large family dinner. Those who spent the day at the Dashiell home included Mr. and Mrs. Frank Frasier and Mr. and Mrs. Chas. Frasier of Petaluma, Mr. and Mrs. Earl Harvey of Ukiah, Mr. and Mrs. Alvin Whittaker of Eel river, Mr. and Mrs. Horace Weldon, Miss Leona Dashiell, Howard Dashiell and Clyde Eddie.

On next Tuesday, November 4, election day, the ladies of the aid society of the church will serve a luncheon at Grange hall. Baked beans, chicken sandwiches, cake, coffee and chocolate will be served. The adults will be charged thirty cents and children twenty cents.

Next Friday the moving picture will be "Hollywood," featuring all the stars in that well known movie city. As it comes on hallowe'en, there will be a dance after the show. All are invited to both movie and dance.

CHUHCH NOTES

Mr. Elliot of Kelseyville, is now in charge of the local church. Regular services will be held each Sunday as usual. Last Sunday there were forty-six present at the Sunday school and it is to be hoped that even more will be able to attend next Sunday. Let us show the Sunday school superintendent and the minister that we are interested in these services by being there ourselves.

FRATERNAL AFFAIRS

The next meeting of the Grange will come on the first Saturday in November. This meeting is to be in the nature of a Spanish party and everyone is asked to come in a Spanish costume.

COAST NOTES

(Mendocino Beacon)

The repairs on the wrecked bridge over Noyo river were completed yesterday and in the late afternoon the bridge was opened for travel. Contractor Renner's men did most of the work on the north end of the structure while Sallinen Bros. looked after the repairing on the south side. The bridge while safe for ordinary travel, will not be used for abnormally heavy loads. At the meeting of the Board of Supervisors held at Ukiah last week an appropriation was made of $1500 to complete the repairs on the present structure. A new bridge will not be built until later, when better provision can be made for handling the traffic.

A little daughter, Margaret Rose, was born to Mr. and Mrs. Matt Piper at the Albion hospital October 20. Mother and daughter are doing nicely.

Palle Anderson is making extensive improvements at his ranch on Albion Ridge. He is putting in a sewer, bath and toilet and stationary wash tubs. Albert Brown of Mendocino is making the installation.

Ralph Luoma, who recently broke his leg in the Albion camp and who is at the hospital, is getting along nicely under the care of Dr. Wolfe.

J. M. Newgard's new store on Knob Hill at Albion is now practically completed, with the painters and decorators almost through with the inside work. Mr. Newgard has a large stock of new goods ready for installation and expects to begin stocking the new store in a few days. This will be one of the most convenient and best appointed stores in the county when finished. The opening date will be some time in the near future.

Clare Gregg, time-keeper in the yard and mill of the Albion Lumber Co. and Miss Helen Boyle of Mendocino, a bookkeeper for the same company, were recently married in Santa Rosa.

Asa Bishop and Albert Paoli went trolling for salmon in Big river Thursday and made a good catch. Salmon are taking the spoon quite freely now and some big fish have been landed by local people.

The big dirigible, Shenandoah, passed over Mendocino early Monday morning on her return from Camp Lewis. The heavy throb of her engines aroused the peaceful slumbers of a number of our residents as she fought against a fierce southerly wind. She passed Mendocino at 5:45 a. m. and at 11 o'clock she was reported to be in sight of Point Arena. It was stated that in places she made only about five miles per hour and was caught in the storm which visited us on Monday evening.

Little Roy Moungovan had the misfortune to fall between six and seven feet Tuesday afternoon at Elk and broke his right leg just above the ankle. Dr. Sweet was called and did all he could to relieve the little sufferer. On Wednesday morning Mr. and Mrs. Moungovan, accompanied by Dr. Sweet, took the little fellow to Albion where Dr. Wolfe X-rayed the limb and found both bones broken.

Mrs. C. A. Gowell has returned from a ten days' visit with her daughter, Mrs. Ted Silverthorn, of San Francisco.

E. A. Keller was up from Petaluma on a short visit the latter part of last week.

College of Agriculture to Stage Annual Fruit Show

The fiftieth annual fruit show held under the auspices of the Horticultural Round Table of the College of Agriculture has been announced for the week of November 17-22 inclusive. Growers of all kinds of fruit throughout the state have been asked to send in exhibits. Since the initiation of this annual fruit show, the exhibits have grown each year so that now it is one of the most representative exhibits of California fruit products that is gotten together anywhere. Interest in it is evidenced by the hundreds of people that annually attend it.

Ribbons are awarded for first, second and third places for each variety and class. Judging will be done by a student committee. Fruit intended for the exhibit may be sent express collect to the College of Agriculture and will be placed in cold storage until the day of the show. Suggestions to those contemplating sending fruit are given herewith:

Suggestions to Contributors

1. The number of specimens which constitute a place were given below, but additional specimens should be included to replace fruits bruised in transit.

(a) Five specimens for apples, pears, peaches, quinces, oranges, tangerines, pomegranates, Japanese persimmons, etc.

(b) Two bunches of grapes.

c) Six specimens for: apricots, plums and figs.

(d) Twelve specimens for: walnuts, almonds, pecans, hickory nuts, filberts, kumquats, strawberries.

2. Address all containers to Division of Pomology, University of California, Berkeley, California.

3. Mark packages "Fruit for Exhibit."

4. Include the name of exhibitor and location of ranch.

5. Name each variety and preferably place each specimen of a single variety together.

6. Double wrap each specimen and pack carefully so as to lessen the amount of bruising.

7. Further suggestions concerning the selection of fruit for exhibition purposes can be obtained by addressing the Division of Pomology, College of Agriculture, Berkeley, California.

ELIZABETH PRESTON TO WED ON NOVEMBER 10

(Berkeley Gazette)

November 10 is the date chosen for the wedding of Miss Elizabeth Preston, daughter of Mr. and Mrs. John W. Preston of Tunnel Road, and Robert Edmund Hatch, whose betrothal was announced last week.

The First Presbyterian church will be the setting for the nuptials to which a large group of friends and relatives have been bidden. Rev. J. N. R. Score will be the officiating clergyman.

Mrs. Arthur Angell, who was Miss Charlotte Moore, will be the matron of honor, and Miss Marian Norton will be the maid of honor for the bride-to-be.

Bridesmaids chosen are Miss Dorothy Leighton and Miss Clarice Leighton, Miss Virginia Willoughby, Miss Roberta Duncan, Mrs. John McElroy and Miss Helen Roberts. Oliver Hatch will attend his brother as best man.

The young couple will sail November 12 for Honolulu where they will make their home for at least a year.

A brilliant series of affairs have been planned for the charming bride-elect. Mrs. Christine Hatch of Oakland, mother of Miss Preston's fiance, was the hostess at a tea Saturday afternoon to which more than a half hundred guests were invited.

Miss Marian Norton of San Francisco will entertain Saturday for Miss Preston at the Fairmont Hotel for luncheon. An affair planned for October 21 will be given by Mrs. Arthur Angell at her mother's home in Berkeley and will take the form of an afternoon of bridge.

A bridge party will be given October 24 by Miss Elizabeth Safford to compliment the engaged girl and the Misses Dorothy and Clarice Leighton will also entertain at bridge October 25 in her honor.

October 29, Miss Virginia Willoughby will entertain for luncheon at the Claremont Country club for Miss Preston and Friday, October 31, Mrs. Frank Delvin of Ashby avenue will be the hostess at a tea in her honor.

Miss Helen Roberts will give a bridge party November 1 at the home in Oakland for the bride-to-be.

Miss Preston is very popular with a large group of friends, having endeared herself by her charm of personality and beauty. She is a graduate of the Anna Head school and attended the University of California where she is a member of the Gamma Phi Beta sorority.

READ THIS!

Aside from the obvious risk of putting the State into a highly-technical competitive business, the water and power act should be badly beaten once more because there are many better uses for bond money.

In a growing community, such as California, which should in another generation provide homes for twenty millions of people, it is necessary to issue bonds for necessary public improvements at frequent intervals. The people rightly demand good schools, good roads, good hospitals and good sewers. These must be provided, and, provided we do not waste our public credit, we can do our full duty without entailing any great load of taxes, for increased population means more wealth and more people to pay taxes.

If we vote bonds for five hundred million dollars to put the State into the power business we shall have to rely on politicians to make a profit for us. In case of loss they will dip into the public funds to make up the deficit. That will mean more taxes and something worse, for our bonded debt will be so high that it will soon be difficult to raise money for needed improvements.

Let the State confine itself to the business of government. It will be better for all of us, and common good is the aim of popular government.

Save the Penny

Not long ago an Indian boy brought to the savings window his little book bank to be opened. When it was unlocked it was found to be filled with pennies and he remarked that he could not save the big ones but the pennies were easy to save.

The penny is so often looked upon as not worth saving, yet there is on deposit in the Savings Department of this Bank thousands of dollars which were deposited in pennies, and like the Indian boy's were never missed and easily saved.

Don't despise the penny. Save it.

CONSTRUCTION STARTED ON CROSS-COUNTY ROAD

New Thoroughfare From Willits to Fort Bragg to Be Fine Piece of Work

WILLITS, Oct. 17.—Construction work on the new road to Fort Bragg from Willits has been in progress for the past week, it was stated by the road contractors.

The surveyors who completed the surveys of the proposed new road have not completed tabulations regarding the work. The surveys have been completed and figures for yardage and other necessary figures are being established before an estimate of the actual cost of construction can be given. It is believed from a reliable source that the road when completed will cost about $100,000.

The road is to have a 16-foot bed and be built of gravel and the entire road will not have a grade over six per cent at any point.

The steam shovel which was put in operation on the work about two and a half miles west of Willits began operation the latter part of last week. The shovel is used in cutting grades and the ground used in making fills. The entire road, in A. J. Fairbanks' district, is about 14 miles in length. The construction of the roadway at the present time is considered as day work and that is classed under repairing of a county road.

The present work of building and constructing a road will extend about two miles from the present point of work, ending at the Davidson ranch about four and a half miles from Willits. From that point west toward Fort Bragg, it is believed that a contract for about three and a half miles of construction will be let.

From that point westward toward Fort Bragg, it is not known whether the completion of the road will be made by day work or by the awarding of contracts.

At present, it is thought that there is sufficient amount of funds in the county treasury to warrant the continuance of work on the road until about July of next year.

Gordon Baechtel, who is in charge of the supervision of the road with A. J. Fairbanks, stated that good progress is being made with the work. He further stated that he believed that the state will take over the road upon its completion. That move by the state would probably be made within two years.

A new bridge is being constructed on the road within the local supervisor's district. This is a sixty-foot structure.

It is thought that the work of construction on the Fort Bragg-Willits road will be started by Supervisor Perkins the first of the year. At that time Perkins will take his seat on the board of supervisors. It is stated that Perkins defeated Ross, the present supervisor, on the measures he has taken regarding the construction of the Willits-Fort Bragg road.

It was also stated that the 14-mile stretch of road work under construction in Fairbanks' district will cost about as much as the total 22 miles of road to be constructed by the Fort Bragg district supervisor.

PIONEER DIES AFTER LINGERING ILLNESS

Henry A. Rogers, 72, one of the oldest pioneers, died at the home of his mother, Mrs. S. J. Rogers, on the Fort Bragg road Monday. An autopsy was held and tuberculosis given as the cause of death.

Mr. Rogers was born in Missouri on August 4, 1852 and came to California in 1872, locating in Potter valley. In 1882, he came to Willits and engaged in business here for several years.

He retired about ten years ago and has been making his home with his mother. He was an employe of the Mendocino state hospital for about fifteen years.

He is survived by his wife, Mrs. Kate Rogers, his mother, three brothers, Rob and Newton of Willits, and James of Stockton; a daughter, Edith Gibbons of Macon, Ga., four sons, Vane and Eugene of San Francisco, Newton of Oakland, and Harry of San Diego.

Funeral services were held at 2:30 o'clock Wednesday afternoon from Watson's chapel. Mrs. E. A. Lau read the services. The Odd Fellows had charge of the services at Sawyers' cemetery, where interment was made.—Willits News.

WANTS FREIGHT ROUTE

E. E. McPherson has applied to the Railroad commission for a certificate to operate auto freight service between Scotts valley, Big valley and Upper Lake, and Ukiah and Hopland, and intermediate points.

RAILROAD TALK HINTS AT EARLY EXTENSION

Northwestern Pacific Said to Contemplate Immediate Construction

Surveys are being made in Northern California and in Oregon for preparations to extend a railroad that in time will connect from Oregon to San Francisco along the coast line parallel to the Redwood highway, according to information obtained here.

From Klamath Falls down the Klamath river to Crescent City and the sea by railroad is the plan now being formed, according to the report. This is to be a constructed line as a continuation of the Great Northern railroad from Bend, Oregon, to Klamath Falls. This move is almost an immediate probability, it is said.

It was asserted that it is the intention of the Great Northern and Northwestern Pacific railroads to build extensions to their present systems.

Surveys were made of that section for probable construction of a continued service from San Francisco to Crescent City and on to the north prior to the World War. Since the war has ended, these surveys have been resumed and the companies contemplte constructing the roads, it was stated.

This is regarded by railroad men as a great undertaking, expensive and requiring keen engineering.

The development of Northern California and immediate counties of the sections through which the railroad companies mentioned above now operate service, rests heavily upon that measure providing the project is carried out.

More than half the tracic now plying through the Sacramento valley and over the Shasta route would be diverted up the western coast over this proposed route.

For the past several months, various offisials of the Northwestern Pacific railroad company have passed through here on certain missions, their purpose not being stated.

It is said that upon a number of occasions these officials have continued their trip, leaving Eureka by automobile and plying farther into the north.

HANDY FOR POLL TAX

Senator F. C. Handy of this district is deeply interested in the poll-tax law which is an amendment on the ballot for the coming November election. He has explained the issue in a recent interview as follows:

"This amendment is for an educational poll-tax. It is designed to make those foreigners in this state, who send their children to our schools, and who receive all the benefits and protection of our laws, and who do not share any of the burdens of the expenses of our state government pay an annual poll-tax of $5.00—all of which goes to the state school fund—thus to a considerable extent relieving the taxpayers of a growing burden.

What Difference Is

"It differs from the old poll-tax law in that it is two and a half times as much, and it exempts the property owner who pays real or personal taxes to the extent of $5, from the payment of the proposed poll-tax.—Lakeport Press.

BIG WEEK FOR STORK

Old Man Stork was kept very busy during the past week making deliveries in Willits, says the News. Seven births were recorded, three of which were boys and the other four girls.

The following children were born: To Mr. and Mrs. Marion Clifford Cantrell, a boy, last Sunday; Mr. and Mrs. Edward Robert Washburn, a girl, last Thursday; Mr. and Mrs. John Frederick Vincent, a boy, last Thursday; Mr. and Mrs. George Irvine Brooks, a girl, last Thursday; Mr. and Mrs. Benjamin William Christie, a girl, last Thursday; Mr. and Mrs. Wynn Manley Powers, a boy, last Saturday; and Mr. and Mrs. James Shirley McClelland, a girl, Sunday.

Mrs. Lee Knighten and daughter, of Potter valley, were Ukiah visitors the first of the week.

Mrs. C. N. Mortenson has been visiting in San Francisco the past two weeks.

SHEEP MEN PLAN FOR CONVENTION NOV. 6-7

State Organization to Meet at San Francisco in Annual Gathering

The annual convention of the California Wool Growers association will be held at the Palace hotel, San Francisco, on November 6th and 7th. According to present plans, as given out by A. T. Spencer of Granmore, Sutter county, president of the sheepmen's organization, the convention this year will outshine any previous gathering of sheepmen ever held in the State. Wool growers from every sheep-raising district of California are planning to be present.

The year of 1924 has been an eventful one in the history of the sheep industry, particularly so on account of the quarantines preventing the movement of live lambs out of the State. The sheepmen realize that unless they work together helping to solve the various problems concerning them, that the sheep industry would have been demoralized this past year. They plan at this convention to map out a constructive program for the coming year. A few wool growers have suggested organizing cooperative meat packing establishments, if lambs have to be killed locally and the dressed carcasses sent East again.

The regulations covering the importation of sheep from other States are to be reconsidered and it is expected that new regulations will be drawn up making it possible to move sheep into California from certain States without permit.

The proposed increase in forest grazing fee is of great interest to the owners of the 500,000 sheepmen who graze their sheep on the National forests. Further, other regulations of the Forest Service will be taken up in committee with the forest service officials. One of these is the question of reducing the numbers of sheep on the California forest; also, on other forests.

Every Person Benefited By This Achievement

NO power shortage in P. G. and E. territory despite the long drought; service provided for every new consumer; a twelve per cent increase in demand supplied; and all without any increase in rates;—that is the announcement made with justifiable pride by the P. G. and E.

For that result, so important to every industry and home, we thank our devoted and efficient organization, comprising 11,600 employes, always on their toes, guided by initiative and foresight, and ambitious to maintain the unfailing standards of Pacific Service.

But the result could hardly have been achieved without the spirit of co-operation among the power companies of California who, for the sake of the public service, fed one another from time to time with surplus power, so that not a kilowatt of current went to waste.

An important factor was the diversity of demand in the wide territory served by the Pacific Gas and Electric Company, one of the largest hydro-electric companies in the United States, drawing power from numerous sources. No single plant, serving one community, could have met the situation.

A true servant of the public—the P. G. and E., whose 30,000 owners are nearly all Californians.

PACIFIC GAS AND ELECTRIC COMPANY

38 1024

Vote YES on Amendment Number ONE

TAX MOTOR BUSSES

As you do all other Public Utilities

This levies a state tax of 4 per cent on the gross earnings of Motor Carriers. They will continue to pay the Gasoline Tax.

Why this Amendment is Necessary

This amendment does not set up any new system of taxation. It merely brings the motor carriers within the system established fourteen years ago. The people in 1910 voted to divide state from county and municipal taxation — the state taxing the gross earnings of public utilities, while the taxes on other property are left to counties and municipalities. But there were no motor stages in 1910, and so they were not included in the list of public utilities then enumerated—steam and electric railroads, banks, express companies, and gas and electric companies. So it is an accident of legislation that makes this amendment necessary now.

This Amendment — Number One on your ballot November 4th —simply proposes to include the motor carriers among the other public utilities in the present established system of state taxation.

The last session of the Legislature levied a four per cent tax on the gross earnings of the motor carriers for the State; and permitted the motor carriers a refund of any license fees and taxes levied on their property by counties and municipalities.

Almost immediately, some of the smaller cities raised their license fees to beyond a reasonable amount, with the frank statement that it should be immaterial to the motor carriers to whom they paid their taxes as long as they did not pay more than four per cent.

You may readily see that this means a system of pyramiding taxes on the motor carriers with no certainty where it will end.

Still more confusion was brought into the present situation when the Superior Court in Fresno County declared this tax measure—enacted by the last Legislature—unconstitutional.

The motor carriers cannot stabilize their industry as long as this taxation confusion continues. Consequently, they are asking the enactment of this measure — Amendment Number One on your ballot November 4th — which will put them in exactly the same tax situation with the other public utilities in California.

Why Four Per Cent?

Some figures had to be taken, and the most reasonable thing to do was to take the figure—4%—that the last Legislature, after considerable discussion, deemed fair and adopted. It may be that four per cent is too high, and it may prove too low. But any session of the Legislature may change this rate by a two-thirds vote.

Who Uses the Highways?

There are a million and a quarter automobiles in California. They use the highways—for the greater part—for pleasure. There are 1660 motor stages in California. They serve 786 towns in California that have no other common means of transportation. Last year they carried 29,000,000 passengers. These 29,000,000 passengers of the auto stages benefited by their use of the highways in the fares they paid that are lower than rail fares. These fares are regulated by the Railroad Commission.

A Great Public Utility

The motor stages are a public utility, carrying passengers, freight, express and mail, and extending the use of the highways to all the people of the state for commerce as well as for pleasure. Declaring that commercial, agricultural and social benefits have trailed the auto stage, the California Railroad Commission says in its annual report:

The wonderful growth of automotive transportation in the common carrier field entitles it to a rank among the major utilities of the state.

Why Motor Carriers Advocate this Amendment

The motor carriers are willing to pay their full share of taxation. But they want to stabilize their industry, and they cannot as long as their taxes are uncertain. A large portion of the state is dependent upon the motor carriers. This demand is increasing. The motor carriers cannot render this public service economically unless they can finance their business economically, and they cannot do that as long as their taxes are uncertain.

Remember—the public utility acts as the tax collector for the State. This tax is paid by the people who use the highway transportation. All the motor carriers are asking is that they have the same certainty in taxation the other public utilities now have.

When you vote YES on Amendment Number One you will bring within the taxation system that has been in operation for fourteen years the common carriers that make the highways useful for all the people of the state.

A Wedding Reception at Ornbaun

Mr. and Mrs. H. D. Ornbaun gave a dinner at the Ornbaun hotel on October 26 in honor of their daughter, Elaine, who was married October 2 to Johnnie Quinliven. There was about a hundred relatives and friends present. They received many beautiful and useful presents. They will make their home at Willits, where the groom has a nice home prepared for his bride.

The tables were ladened with all the good eats that anyone could wish for. Mr. and Mrs. Ornbaun deserve great praise in the way they entertained the crowd, and managed the dinner.

C. P. Smith and wife returned the first of the week after a week's visit in Yuba City.

Mr. and Mrs. Al Scott and Leon Scott were up from Oakland the first of the week for a short visit with Mrs. C. V. Scott.

ATTENTION VOTERS

Ballot Proposition No. 5 must be defeated at the general election to be held November 4, 1924. Under the "Veteran's Farm and Home Purchase Act", the patriotic citizens of California have already assisted, and will be enabled to further assist the California Veterans of the World War to acquire homes; but proposition No. 5 on the ballot renders null and void the Veteran's Farm and Home Purchase Act, and repeals the Constitutional Amendment adopted in 1922, ratifying said Act, and perhaps renders null and void all bonds heretofore issued under said Act, and may cause those Veterans, who have already acquired homes to lose the same, and their equity therein. Vote, and get all your patriotic friends irrespective of party affiliations to vote against Proposition No. 5; we ask this in justice to the California Veterans of the World War.

Print the News and Tell the Truth

By J. B. SANFORD

SAN FRANCISCO, Cal., October 29.—The campaign has its humorous aspects despite the seriousness of the situation. The floundering of the yellow press has caused the nation to laugh in a loud guffaw that can be heard from shore to shore. At the beginning, the yellow press decided to "frame" its "manufactured" news so as to show a gradual landslide to La Follette, hoping that the band wagon crowd would get into the "procession" and really elect La Follette. But too many Americans happened to get hold of "straw ballots," and a cog slipped somewhere and the Kaiser's candidate slipped backward at an amazing rate of speed, and Coolidge and Davis began to take the lead.

* * * * *

Not to be disconcerted in the least, the yellow journals "beat back" so that they could say "We told you so;" and now they admit Coolidge's election, with Davis second and La Follette a poor third. So now to read their screaming headlines one would think that they had all along been advocating the election of President Coolidge. Their predictions may now be true and they may not, for there is always an ulterior motive back of every move of the yellow journals.

* * * * *

After doing all they could to injure Coolidge, they now hope to be able to convince the President that they are for him with the hope that some of their ilk may secure some important position. *Should Coolidge win he would become immensely popular if he would get all the yellow journalists together and appoint them to foreign posts with a life tenure and no return ticket to this country. These yellow kids are a national peril and a greater menace than fire or drought.*

* * * * *

Good American citizens will not be disturbed by the eleventh hour backward somersaults of these yellow kids and political vagabonds who are trying to get back into public favor, after knifing the two American candidates to death. The object of this alien crowd is to elect a man to the presidency who will gradually "Russianize" this country and break down the American morale. But there are a large majority of red blooded Americans in both the old parties who will not stand for such un-American tactics. The first thing to do is to decide *against the candidacy of Benedict Arnold La Follette* and then vote for one of the two Americans; you cannot go wrong; they are both great big American citizens and opposed to the "Russianization" of this country. *Elect an American.*

* * * * *

Equally amazing, mendacious and humorous has been the attitude of the yellow press of California in its attempted misrepresentation of Governor Richardson. For over two years the yellow journals have sent out propaganda mis-stating the Governor's budget which was in round numbers $79,000,000, or some $11,000,000 less than the next preceding biennium. Despite this immense cut in expense, the schools were allowed $7,700,000 *more* than they had ever been allowed before.

* * * * *

The figures of the board of control showed these amounts, yet for nearly two years these yellow journals shrieked as loud as their big type would permit "That Richardson had starved humanitarian institutions to death and actually destroyed our public schools." At the end of the first year of the Richardson administration, there was a balance on hand to the credit of each institution or commission in the state, a total of over ONE MILLION dollars.

* * * * *

The yellow journals, the "political pedagogues" and the machine henchmen saw that their propaganda had failed to "convince" the taxpayers, so *presto change,* and flip flop went the bunch in a backward somersault in an effort "to get" the Governor in bad. *What did they do?* Why they admitted that the Governor's board of control was right. But they mixed the figures and have now accused Governor Richardson of conducting the most expensive administration the state has ever had in its entire history. This amazing piece of journalistic legerdemain occurred in the Examiner of October 24th and the "tip" was given the smaller yellow fellows to join in the anvil chorus and "whoop it up" against the Governor's expensive administration.

* * * * *

Now, wouldn't that frazzle your pajamas! Being unable to prove that the Governor had starved humanitarian institutions to death and destroyed our public schools, they are going to *accuse* him of being extravagant. They are going to hang some damnable crime on him whether he is guilty, or not. It is certainly humorous! How could the Governor starve humanitarian institutions and yet be lavishly extravagant and careless of the people's money? *That has never eked into their swiveled up, diminutive bone heads!* The Governor just must be accused of something awful. When it comes to being monumental prevaricators and brainless idiots, the Governor's detractors have the side show all to themselves.

* * * * *

The Governor has never paid much attention to these monumental pygmies of the yellow press. They are no more to him than a fly speck on the page of history. They are trying to defeat the Governor for re-election and hope to so misrepresent and abuse him that he will get tired of the disagreeable job and quit in disgust. In their insipid ignorance they have not yet been able to read the Governor aright. They are pursuing the proper course to cause the people to rise in mass and force his re-nomination and re-election by a majority twice as large as it was in 1922. The Governor gets a great kick out of life when he is "dehorning" bull moose henchmen, discoloring yellow journalists, or kicking political vagabonds into the middle of next week. The taxpayers are splitting their sides with laughter. Isn't it funny!

NEWS NOTES FROM COVELO

COVELO, Oct. 29.—Circulars are being sent out by the teachers to ascertain the attitude of the parents in regard to the question of diphtheria innoculation. There will be three tests. Only 12 to 20 per cent of school are immune. Every child under six years of age would take diphtheria if exposed to it. Tests have been given in Willits to 150 children, which makes them immune to diphtheria for eight years.

Frank McCombs is back from Humboldt county, where he has been visiting his son.

Mrs. Kent will entertain her Sunday school class Saturday afternoon.

The mail was late Tuesday evening owing to a slide on the railroad. Slides also on the Dos Rios road but that was gotten out of the way.

The seventh and eighth grade pupils had a basketball game Friday with some of the freshman team. The smaller grammar school boys won the game.

Geo. Heyward, W. H. Howard, Dr. D. T. Watson, F. M. Taft and Geo. Fisk came over from Willits last week to join Raymond Hill in a bear hunt at Twin Rock and Black Buttes. Bud Barnes, who has some fine panther dogs, will join them in the chase. Poor old Bruin.

A. G. Hunter returned home Saturday from a business trip to San Francisco.

Chet Perry was in from Long Ridge Tuesday.

Geo. Gravier returned home Thursday from Fresno, where he has been employed for several months in the Forest service building bridges.

Raymond Hill and Will Osborne have rented the Marks ranch, which borders Covelo on the north.

Mr. and Mrs. Marshall Spurlock motored in from Mina Sunday. Mr. Spurlock returned the following day. Mrs. Spurlock remained here for a visit with her daughter, Mrs. P. D. Redwine.

Dr. Galbraith, of Mina, was a Covelo visitor Monday. Mr. Galbraith is making many improvements on his mountain ranch, among them a fine large log house.

G. P. Baker returned home Thursday, bringing with him a baby alligator.

Pat Connolly, who received the Democratic nomination for assemblyman in the primary election, was in Covelo the first of the week interviewing the local voters.

Mr. and Mrs. Kent returned home from Napa Friday.

Mr. Codding is up for a few days' visit at his Hulls valley ranch.

Mr. and Mrs. Wm. Firebaugh returned home Thursday from Stockton, where they have been visiting relatives.

Four ministers will be here November 14. Dr. White, Harry Severance, Mr. Rainey and a Presbyterian minister from Healdsburg for installation service to formally install Rev. Kent of the Presbyterian church, as this is his first pastorate since he was ordained. These men are intimate friends of Mr. Kent.

Five new members were added to the Presbyterian church Sunday morning: Mrs. John Rohrbough, Sr., Mr. and Mrs. Foster by letter, and D. T. Johnson and Shirley Rohrbough by baptism. Two babies were also christened—Mrs. Baker's and Mrs. Johnson's.

Will Van Dyke enjoyed a short visit here last week at the Biggar home.

Rev. Couch of Ukiah, has been with us for a few days, leading the song services at the Baptist church during the revival meetings. He leaves tomorrow, weather permitting. He was to have gone to Potter valley today but on account of the inclemency of the weather decided to stay over another day. Mr. Couch sang several beautiful selections and we hope to have the privilege or having him with us again in the near future, not only to lead in song service, but to bring the gospel as well.

Our last storm covered the mountains with snow as far down as the foothills.
